Sacramento, California 95819 | (916) 555-4673

OBJECTIVE

A laboratory research internship with BioMarin Pharmaceutical, Inc.

EDUCATION

Bachelor of Science in Biological Sciences, expected June 2025

GPA 3.67/4.00

University of California, Davis

Related Coursework: General Chemistry (Lab), Microbiology (Lab), Organic Chemistry (Lab), Zoology (Lab), Biology (Lab), Physics (Lab)

SKILLS

- Familiar with buffer preparation, microscopy, pH meter, PCR, gel electrophoresis, and aseptic technique
- Excellent track record with accurately documenting laboratory records
- Experience using Microsoft Word, Excel and Access in PC and Mac platforms

SPECIAL PROJECT

Iodine Shortage Project, UC Davis, Davis, CA

Jan 2023 - present

- Worked with a group of seven students to fundraise for the current iodine shortage in Indonesia, raising over \$10,000 for research, iodine distribution and literature
- Researched the effects of iodine deficiency and developed promotional materials including posters and flyers which were utilized for in-class presentations
- Raised funds through classes, friends and on-campus activities, including numerous lucrative presentations to sororities and fraternities

RESEARCH EXPERIENCE

Research Assistant, Genentech, Vacaville, CA

June 2023 - Sep 2023

- During internship in In-Situ Hybridization lab at Genentech, Inc under Dr Gretchen Frantz, characterized and organized pathology slide data of failed isotopic ISH probes and performed several tests using these probes to find the cause of their failure
- Evaluated bands using gel electrophoresis after analyzing probes using Genentech, Inc's and NCBI's Blast programs
- Revised and drafted commonly-used laboratory protocols for incoming employees

OTHER EXPERIENCE

Shift Leader, In-N-Out Burger, Davis, CA

Oct 2021 - present

- Provided outstanding customer service and handled customer complaints
- Acted as cashier; entrusted by supervisor to record and deliver bank deposits
- Trained and supervised ten staff members; provided input for performance reviews and areas for additional training
- Maintained accurate inventory count of all products
- Ensured proper food sanitation procedures were followed by strictly adhering to all food handling safety protocols

ACTIVITIES

Volunteer, Yolo County SPCA, Davis, CA, Apr 2022 - present

Activities Coordinator, Black Student Association, UC Davis, Sep 2021 - present

Member, Biological Sciences Club, UC Davis, Sep 2021 - present
